IS THE INTENDED LOCATION HARD-STANDING OR GRASS	GRASS
IS THERE 1.5m SQ OF SUITABLE GROUND FOR USE OF PLATFORM STEPLADDERS	YES-SEE NOTES
IS THERE SAFE AND LEGAL PARKING FOR ERECTION OF SpID	YES

ADDITIONAL COMMENTS

NEWTON WITH CLIFTON PARISH COUNCIL (NwCPC) ARE LOOKING TO PURCHASE THE ELAN CITY SOLAR POWERED EVOLIS VISION DEVICE WHICH IS 0.71M X 0.77M GIVING IT A SURFACE AREA OF 0.55M² AND WILL WEIGH OVER 20KG IN TOTAL SO A BESPOKE POST WILL BE REQUIRED. LCC WILL USE A 114MM DIAMETER POST TO ACCOMMODATE BUT THIS AND COSTINGS WILL BE CONFIRMED IF THEY ARE THE CHOSEN CONTRACTOR UNDERTAKING THE WORKS. THE SPID HAS A RADAR RANGE OF BETWEEN 150 AND 300M. THE PROPOSED LOCATION IS 1M FROM EDGE OF THE HIGHWAY IN A GRASS VERGE 13.7M FROM LC21. THERE IS A HEDGE AT THIS LOCATION THAT IS OWNED AND MAINTAINED BY CWNPC AND THEY WILL BE REMOVING A SECTION OF THE HEDGE SO THE BESPOKE POST CAN BE INSTALLED AND ACCESSED BY ANYONE WHO NEEDS TO WORK ON THE SPID. THEY WILL ENSURE THAT THERE IS A WORKING AREA OF 1.5M² FOR USE OF PLATFORM LADDERS AND KEEP THE HEDGE MAINTAINED AT THIS LOCATION TO PREVENT FUTURE ISSUES. NEWTON WITH CLIFTON PARISH COUNCIL ARE RESPONSIBLE FOR ENSURING A CONSULTATION WITH ANYONE IN THE VICINITY OF THE SITE IS UNDERTAKEN AND ONCE COMPLETED THIS MUST BE CONFIRMED BY EMAIL TO MYSELF BEFORE ANY WORK CAN COMMENCE.
